WE ARE HERE TO HELP

Injuries and accidents can mean devastation to both individuals and whole families. If you have suffered an injury, the legal team at DSF is here to ensure you receive the treatment and compensation that you deserve. Our lawyers are committed to making it easier for our clients to have the best quality of life possible and letting the healing process begin.

WE HAVE INSIDE KNOWLEDGE

When you consult with us, we will advise you as to your rights and options and we will help you understand your insurance policy and its terms. You may have different options available to you such as suing the other driver or you may be eligible for income replacement benefits and short-term disability. Your DSF legal representative will negotiate with your insurance company to provide you with the best possible recovery for your particular needs. As employees of insurance companies, insurance adjusters may not advise you or protect your rights to privacy, compensation, treatment and other important issues affecting you in the short term and in the future. Our lawyers are experts in dealing with insurance adjusters, we will provide guidance and preparation in establishing your claim.

Additionally, many of our personal injury lawyers have formerly acted for insurance companies. This experience gives them special knowledge of the facts and evidence an insurance company is likely to use to limit your recovery. By knowing the case from the other side, our lawyers are better positioned to fight for the maximum payout.
