WHY DEVRY SMITH FRANK LLP?

We understand your business

At Devry Smith Frank LLP ("DSF") we work hand-in-hand with our clients to provide the most cost-effective pricing option; whether it is a flat fee, or value-based, our goal is to provide our clients with services that are both flexible and customized to the specific needs of the client. As a result, our advice is driven by business goals, rather than by blind devotion to legal processes. We are as devoted to business outcomes as are our clients.

We have a mid-market focus

We have particular focus and experience in representing high-growth entrepreneurs and mid-market businesses. To our larger competitors, these businesses are just another client; but to us, they are the core of our group's focus. We understand the market's need for advice in real time and in the real world, rather than from the glass tower.

We are reliable

As a mid-sized law firm, DSF balances professional, knowledgeable, and customized legal solutions with a focus on delivering value. We are large enough to handle the most complex business deals, but have an overhead structure and the flexibility to keep costs down. We work hand-in-hand with our clients to provide the most cost-effective pricing option: whether it is a flat fee, hourly rate, or value-based, our goal is to provide each client with services that are both flexible and customized to that client's specific needs. We are driven by delivering value to our clients in all that we do.

ABOUT US

Devry Smith Frank LLP has advised and advocated for corporations, individuals and small businesses since 1964. We are a mid-size firm with a reputation for being approachable, professional and practical. Our rapid growth reflects client confidence — confidence we have built one client at a time.

We advise publicly traded financial institutions, emerging private companies, and the nimblest of start-ups. We act as personal counsel to individuals and families on a wide variety of legal needs. Our expertise spans industries as diverse as financial services, insurance, real estate and land development, service companies, professional services, technology, mining, and not for profits.
